Ofsted November 2021

Friday 11<sup>th</sup> March 2022

Dear Parents/Carers,

This year Somerford Primary are going to take part in British Science Week. The week will run from Monday 14<sup>th</sup> March to Friday 18<sup>th</sup> March. During this time the children will participate in a number of scientific activities centred around the topic of 'Growth'.

As a school we would love your support during this week and so we are asking you to work with your child/children at home to 'get creative' and enter the British Science Associations, UK annual poster competition.

All entries for the competition must be handed in to your child's class teacher no later than 17<sup>th</sup> March. The entries will then be judged by 5 mystery judges who will choose the 5 overall winners from across the school. The winners will include a range of Year groups. The 5 winners will then be entered, via the school, into the UK wide competition and receive a prize!

So, get designing! The sooner you begin the more time you will have to create that winning design.

Yours sincerely

Rachel Maddison  
Science Leader
