# Admission to Infant / First / Primary School 2025

A Guide for Parents and Carers

## Accessibility disclaimer

We know some parts of our website are not [fully accessible](#).

Some of our PDFs and Word documents are essential to providing our services. For example, we have PDFs with information on how users can access our services.

The [accessibility regulations](#) do not require us to fix PDFs or other documents published before 23 September 2018 unless they're essential to providing our services.

We are working on a disproportionate burden clause for categories of PDF that are not part of an essential service, given the time and cost of making all PDFs accessible and their relatively low levels of usage.

## Introduction

Welcome to our guide for parents and carers which has been designed to help you find the right school for your child. It outlines what information we need from you, and what you can expect in return from us.

Starting school for the first time is an important milestone and an exciting experience for both children and parents.

Across Bournemouth, Christchurch and Poole we have 96 schools. The Council works in close partnership with them. The aspirations for our area are ambitious and include investing in our children and young people and enabling access to high quality education.

It is important that you do express your preferences for schools you wish your child to attend. Our schools are popular; there is no guarantee that a place will be offered at your preferred school(s), so expressing **four** school preferences will maximise our ability to offer you one of them. Please list your choice of schools in your order of preference. Our online application system provides a simple and secure way for you to send us your application. It also means you can log in again in April 2025 to view your child's allocated school.

It is important to make a well-informed decision about which school you wish your child to attend. We strongly recommend that parents take the opportunity to visit schools to see what they can offer before making an application. It is also important to read the schools' admission policies or refer to the relevant local authority admissions guides, to understand how your application will be considered. You can also view information about how places were offered last year.

To make the application process as straightforward as possible, our schools coordinate the admissions process through BCP Council. This ensures there is a single process for application to all schools within the Bournemouth, Christchurch and Poole Council area.

The information in this guide is designed to help you to understand the admissions process. If, at any time, you are unsure or feel that the information available is unclear, please contact our school admissions team who are here to help you.

We wish your child every success in this important stage in their learning.

## Information in other languages

If you require information on school admission arrangements, please see our website where it can be viewed in a variety of languages [bcpcouncil.gov.uk](http://bcpcouncil.gov.uk)

You can also use translation websites to view this Guide in other languages. You can copy and paste sections of this Guide into a website translation tool. Some translation websites allow you to upload a file to translate. You can therefore save a copy of this PDF document and upload the file to the translation tool you are using. Use your preferred search engine to find out more about how to translate this Guide.

## **Disclaimer**

All the information contained within this Guide was correct at the time of publishing. This is a dynamic document on BCP Council's website and will be updated as and when new information is available, or changes are necessary. However, the admission arrangements, including the oversubscription criteria of all the schools in BCP Council remain the same as they were when they were approved by each of the school admission authorities.

Names, addresses and telephone numbers contained in this booklet are correct at the time of publication. The information only relates to admissions for and during the 2025/26 school year. There may be changes to the details shown due to developments in central or local government policies and determinations by the Office of the Schools Adjudicator.

## Explanation of terms used in this guide

Acceptance Date	The date by which you must tell us whether you will accept the school place offered.
Admission Arrangements	The policies, procedures, practices, and oversubscription criteria used in deciding the allocation of school places.
Admission Authority	Every school has a body responsible for setting and applying its admission arrangements. For community and voluntary controlled (VC) schools this is their local authority, whilst for academies, studio, foundation and voluntary aided (VA) schools it is the governing body or academy trust.
BCP Council	Bournemouth, Christchurch and Poole Council.
Catchment Area	This is a geographical area from which children are given a level of priority for admission to a school. You can find out whether a school has a catchment area by looking at their policy.
Closing Date	The date by which you must apply for a school place. All applications received by the published closing date will be processed together as on time applications.
Information Service	A free, friendly, confidential and impartial service offering information to all members of the family on local childcare, activities for 0-19-year-olds and other family services.

Home Local Authority	A child's home local authority is the local authority which the child lives in (and who you pay your Council Tax to).
Mainstream schools	All publicly funded schools that are not special schools or alternative providers are mainstream schools.
Notification Date	The date you will find out the result of your application.
Oversubscription Criteria	The criteria applied when a school has more applications than places available. It is used to decide which children will be allocated places up to the published admission number.
Published Admission Number (PAN)	The published admission number is the maximum number of children that can be admitted to the year group.
Schools Adjudicator	A statutory officer who is appointed by the Secretary of State for Education but is independent. The Adjudicator considers and decides upon objections and variations to published admission arrangements.
Special schools	Special schools are for children who have complex special educational needs. Children attending these schools must have an Education, Health and Care Plan (EHCP).
Supplementary Information Form (SIF)	This is a form that you will need to provide evidence to the school. SIFs are used for faith, pupil premium, free school meals and service family evidence. For faith schools, you will need your form to be signed by your priest or minister to confirm that you and your child attend church regularly. Supplementary information forms (SIFs) can be found <a href="#">here</a> or obtained from the school. You must complete a school application too. The SIF must also be returned by the closing date.

[Back to Contents Page](#)

## Categories of schools

- Community (C)      A school maintained by a local authority. The local authority is responsible for the admission policy.
- Voluntary Aided (VA)      A school jointly supported by church diocesan boards and a local authority. The school is responsible for its own admission policy.
- Foundation (F)      A school maintained by a local authority but responsible for its own admission policy.
- Academy (A)      A school funded directly by central government. The school is responsible for its own admissions.

Voluntary Controlled (VC)	A school jointly supported by church diocesan boards and a local authority. The local authority is responsible for the admission policy.
Studio School (S)	Studio schools provide education for 13-19-year-olds. They normally have a similar curriculum to a secondary school but may also have employer involvement in the curriculum and a focus on developing employability skills and qualifications needed in work, or to take up further education.
University Technical College	University technical colleges (UTCs) are technical schools for 14-19-year-olds, working alongside employers and universities. They operate as a type of academy.
Independent	These operate on a fee-paying basis and cover a variety of age ranges. Any application for a place should be made direct to the school as local authorities are not involved in the admission arrangements for these schools.

## When should my child start school?

Date of birth	Starting school	When to Apply
<b>01 Sept 2020 – 31 Aug 2021</b>	Sept 2025	From 01 Sept 2024 – 15 Jan 2025
<b>01 Sept 2021 – 31 Aug 2022</b>	Sept 2026	From 01 Sept 2025 – 15 Jan 2026
<b>01 Sept 2022 – 31 Aug 2023</b>	Sept 2027	From 01 Sept 2026 – 15 Jan 2027
<b>01 Sept 2023 – 31 Aug 2024</b>	Sept 2028	From 01 Sept 2027 – 15 Jan 2028

[Back to Contents Page](#)

## How will I know which schools to apply for?

One of the best ways to see if a school would suit your child is to visit it. This way you will see how the school works on a day-to-day basis and get a feel for the atmosphere of the school. You may also find Ofsted reports useful.

We strongly recommend that you name four preferences on your application.

It is very important that you read the schools' admission policies to work out whether it is likely that you will be offered a place. These can be found [here](#) and on each individual school's website.

You can look at how each school allocated its places in previous years. If you do, make sure you look at the admission policies for the correct year as categories can change from one year to the next.

You need to consider how you will get your child to school each day, the time it will take, how this will fit into your routine and how much it will cost to take your child to school.

If you apply for and are offered a place at a school which is not your nearest school and it would have been possible for your child to attend a school nearer to your home had it been named on an on-time application, you will not normally be eligible for transport assistance and will have to take on the costs yourself. When assessing home to school transport applications, BCP Council will check whether a space at a closer school could have been offered to your child had it been named on an on-time application.

You may not want to name your nearest or catchment school on your application. If you decide not to do so, you should not assume that there will be a place available for you if you cannot be offered one of your preferred schools as it may already be full. If you do not include your nearest or catchment school as a preference on your application form and the school fills, you are unlikely to qualify for transport assistance to the school you are offered.

[Back to Contents Page](#)

## **How do I apply for a school place?**

You only need to complete one application form. The application form will be available from the local authority where you pay your council tax. If you live in the BCP Council area, your application must be submitted to BCP Council.

If you live in a different local authority (for example Dorset Council or Hampshire County Council) you must contact them or visit their website to find out more.

[Back to Contents Page](#)

## **Where can I find the application form?**

The quickest way to apply is online at:

[bcp.cloud.servelec-synergy.com/ParentPortal/](https://bcp.cloud.servelec-synergy.com/ParentPortal/)

The Parent Portal will be able to accept applications from 1 September 2024. Once an application has been submitted, an email acknowledgement is sent to the applicant. This email is proof that you have applied on time and should be kept. If you do not have access to the internet at home, you may use the free computers available at all BCP Council libraries.

All online applicants will be able to log back into their accounts on the morning of 16 April 2025 from 10:00am. You will also be emailed a link to a PDF version of your offer letter to download. You will need to remember your password as we are unable to reset this for you.

You may also apply using a paper form which will be available from BCP Council from the 1 September 2024. You must complete the form and return it to BCP Council by the closing date of 15 January 2025.

If you apply on a paper form and send it back to BCP Council by post, you must make sure that there is adequate postage on the envelope. BCP Council will not accept any forms where there is insufficient postage. If your paper application is received after the closing date, you may be asked to provide proof of posting (showing a date before the closing date) if you request for the application to be considered as on-time.

Copies of the paper form can be found at the end of this guide if you would like to print one.

**Applications must be received by the national closing date of 15 January 2025.**

[Back to Contents Page](#)

## **Can I apply for schools outside BCP Council?**

If you live in BCP Council and want to apply for a school outside the area, you should include it on your application. The details of your application will be sent to the local authority for your preferred school(s). BCP Council will advise you of the outcome of your application. Please check the point of entry for the schools you name on your form.

[Back to Contents Page](#)

## **How many schools can I name?**

You can name **four** preferences on your BCP Council application form.

## **The difference between choice and preference**

You should be aware that preference is not the same as choice. The law says that parents are entitled to express a preference for a school, but it does not give parents the right to choose a school for their child and to have their choice met.

## **Does it matter in which order I name my preferences?**

Yes. It is important that you name the school you would most like your child to attend as your first preference. Your second, third and fourth preferences need to be named

in order as well. If more than one of your preferences can offer your child a place, we will always offer the school listed highest on your application.

[Back to Contents Page](#)

## Closing and notification dates for September 2025 admissions

The table below shows the national closing and notification dates for applications that have been received on time. You can still apply after the closing date, but different timescales will apply. Please speak to the admissions team for more information.

	Closing date	Notification date	Acceptance date
<b>Reception</b>	<b>15 January 2025</b>	<b>16 April 2025</b>	<b>30 April 2025</b>
Junior and Middle	15 January 2025	16 April 2025	30 April 2025
Secondary	31 October 2024	3 March 2025	17 March 2025

[Back to Contents Page](#)

## Will nursery attendance count towards my application?

It is very important that you check the school's admission policy to see if priority is given to children who attend any related child-care setting. Some schools give priority to children who qualify for pupil premium and attend a named nursery.

Normally, attending a particular nursery does not give your child priority over other applicants.

[Back to Contents Page](#)

## Feeder schools

Some schools operate feeder school links. Children attending a linked school may have higher priority in the oversubscription criteria than children who do not attend the linked school. Please click [here](#) to read the admission policies for the schools you are interested in and talk to the schools to find out more.

[Back to Contents Page](#)

## Catchment areas

Some schools in the area continue to have catchment areas. **However**, there are some addresses in BCP Council that will have two or more catchment schools and some addresses that will have no catchment school at all.

Living in a school's catchment area does not mean your child will automatically be offered a place at the school even if you name it as a preference.

To find out if your preferred school has previously offered to children outside of their catchment area or the distance of the last offer made, please see the tables within this guide.

Sometimes the school closest to your home is not your catchment school. You can find out more information by reading the admissions policies or by contacting the [school admissions team](#) or the relevant school(s).

Please be aware that schools are not permitted to keep places in reserve or open for children who might move into their area during the school year.

Information provided by estate agents, or any third-party websites, is not always correct. Only BCP Council or the school you are interested in can give you accurate information. You should check the availability of school places within an area before renting or purchasing a property. The [school admissions team](#) can help you with this.

[Back to Contents Page](#)

## Address of the child

Only one address can be used on the application form. You will need to check the policies of the schools you are interested in to find out more.

Please do not list an address of someone who provides a temporary care arrangement for your child, a business address, childminder's address, a relative's address, or any other address other than the child's permanent home address.

Informal residence arrangements with family and friends will not normally be accepted unless there are exceptional circumstances.

You may be asked for evidence of your address.

[Back to Contents Page](#)

## Applications from separated parents

Only one application and one address can be considered for each child. Where parents are separated it is essential that agreement is reached by both parents concerning schools named on the form by the closing date, so that the agreed application can be submitted on time and the application is not disadvantaged.

Where more than one application is received for an individual child, the Local Authority will contact all parties to inform them that the applications will not be processed and advising that a single application agreed by both parents, must be submitted. We will ask all parties who originally applied to confirm that they are in agreement with the new application. **If this single application is submitted after the closing date, it will be treated as a late application.**

Where parents are unable to reach an agreement, applications will not be progressed and the dispute will need to be resolved through the courts prior to a new, agreed upon application being submitted.

If a child lives at more than one address during the school week, you will need to check each school's admission policy to see how dual addresses are considered.

[Back to Contents Page](#)

## What happens if I move address during the application process?

If you are buying a property, you will need to provide the school admissions team with a solicitor's letter confirming exchange of contracts has taken place and giving a specified completion date.

If you are renting a property, you will need to provide the tenancy agreement which should be signed and dated by all parties and the tenancy start date must be given.

You may also be asked to provide proof of your notice to cease your current tenancy or your move from your currently owned property and any other appropriate additional evidence.

The majority of schools in BCP Council will use the address provided at the closing date. You will need to check the policies for the schools you are interested in to find out if they will accept any changes to your application after the closing date.

The [school admissions team](#) will not be aware of any changes you make to your online application or contact details once your application has been downloaded. Please make sure you contact the team about any changes you want to make to your application.

[Back to Contents Page](#)

## **Fraudulent or intentionally misleading applications**

Applying for a school place must be a fair and transparent process for everyone. Schools and local authorities must be clear on how school places are allocated so it is important that parents provide the correct information on their form.

By submitting an application for a school place, you are declaring that the information on the form is correct and that your child's family is only submitting one application for them.

If you think a family is making a fraudulent or misleading application, please contact the [school admissions team](#). You do not have to provide your personal details (you can remain anonymous). The school admissions team will follow up all allegations of potentially fraudulent applications to make sure offers are made to the correct children.

Admission authorities can withdraw an offer of a place should an application be found to be fraudulent or misleading, even if a child has started in the school.

BCP Council and schools carry out spot checks on applications and addresses. We can ask applicants to provide additional evidence to verify addresses and/or other details provided. Checks are made with other council departments and with other local authorities for the purposes of verifying details including residence. Applications can also be referred to the council's audit team for further investigation. For the purposes of verifying an address, this may include arranging for credit reference checks to be undertaken.

These processes are in place to ensure fairness and transparency for all families living within the BCP Council area.

[Back to Contents Page](#)

## Supplementary information form (SIF) – religious grounds

Some of the schools in BCP Council include religious faith and practice within their admission policies. It is important to check the policies for each school as they may differ from one another. Any family can apply for a place at a faith school, but some of these schools give priority to children on faith grounds. For example, some faith schools will require evidence of attendance at a place of worship.

To be considered under religious oversubscription criteria by a school, some schools require that you complete a supplementary information form (SIF). Where necessary, these can be found on the school's website. Some schools will require sight of your child's baptism certificate. You should contact any school for which you are applying for priority under faith grounds to discuss the evidence required and ensure you submit this along with your application form before 15 January 2025.

Make sure you leave yourself enough time to get a SIF completed, signed, and submitted before the closing date of 15 January 2025.

[Back to Contents Page](#)

## Supplementary information form (SIF) – UK service personnel

Some schools give priority to children who qualify for service pupil premium in the oversubscription criteria of their admission policy, see [here](#). If you wish to apply on service pupil premium grounds, you must complete a supplementary information form (SIF). Schools that give this priority will have a copy of the SIF on their website that you can download. You must submit the completed SIF before 15 January 2025.

[Back to Contents Page](#)

## UK service personnel and the Armed Forces Covenant

The Armed Forces Covenant is an agreement between the armed forces community, the nation, and the government. The covenant's twin underlying principles are that members of the armed forces community should face no disadvantage compared to other citizens in the provision of public and commercial services; and that special consideration is appropriate in some cases, especially for those who have given the most such as the injured or the bereaved.

Schools cannot reserve blocks of places for families who move into the area. However, admission authorities must allocate a school place in advance of a UK service family arriving in the area provided the application is accompanied by an official letter that declares a relocation date and a unit postal address or quartering

area address when considering the application against oversubscription criteria. Families wanting an address other than a unit postal address to be considered should contact the school admissions team to discuss this. Normally families are asked for proof of residence or intention to reside (e.g., evidence of exchange of contracts to purchase or a signed tenancy agreement to rent).

A UK service family may be disadvantaged when applying for a school place (either during service or upon leaving service). When an application is made by a UK service family and a place cannot ordinarily be offered, the admission authority will assess the circumstances, considering the underlying principles of the Armed Forces Covenant. BCP Council will specifically look at whether the school to be offered is reasonable considering the following:

- Whether or not serving in the armed forces prevented an application being made on time during the normal admissions round
- Whether or not it would have been reasonable to expect a place at the requested school had the application been made on time during the normal admissions round
- Whether or not the alternative offer is one that other families in the area would be offered
- Whether or not the alternative offer is within a reasonable distance. For further information, please click [here](#) to view more about distances and qualification for school transport assistance

The [school admissions team](#) can provide advice to schools which are their own admission authority about whether or not to offer a place based on the above. Ultimately, the relevant admission authority will make the decision.

The decision will be based on all the circumstances including those relevant to the family and child and the impact on the school, including the provision of efficient education and efficient use of resources. Please be aware that there may be some circumstances, e.g., where a family may move to a new house for non-work-related reasons, which may not be considered to cause the family disadvantage due to their UK service family status. Every decision made will be unique to the family being considered and it is important to ensure that the school admissions team have full information to help the decision-making process.

UK service families can contact the school admissions team to discuss how the Armed Forces Covenant may or may not impact on their school applications.

[Back to Contents Page](#)

## **Looked after or previously looked after children (children in care and children previously in care)**

Special arrangements apply if your child is looked after by a local authority, or was previously looked after but immediately following this, was subject to an adoption,

residence, or special guardianship order. This includes those children who appear (to the admission authority) to have been in state care outside of England and ceased to be in state care as a result of being adopted.

It is important that you indicate in the box provided on the online or paper application form if your child is a Looked After or a Previously Looked After Child as the schools need to be aware of this information to take it into account when they allocate places. You may be asked to provide evidence of this.

Looked After and Previously Looked After Children are given high priority in admission policies. Please read the [admission policies](#) for the school(s) you are interested in for your child to ascertain how high a priority they may give to a Looked After Child.

[Back to Contents Page](#)

## **Special educational needs and disabilities (SEND) and education, health and care plans (EHCPs)**

Special educational needs and disabilities (SEND) are legally protected characteristics. Children with SEND have learning difficulties or disabilities that make it harder for them to learn than most children of the same age. They may need extra or different help from that given to other children of the same age.

There are stages of support to try and help children with special educational needs and disabilities.

If your child is getting the help they need and they are learning well, there is no need for them to go on to the next stage. The stages are:

1. SEND support
2. Assessment for education, health and care plan
3. Education, health and care plan (EHCP)

All mainstream schools in BCP Council can provide appropriate extra help to meet a child's needs except where a child's EHCP identifies that a special school is an appropriate provision. This means that your child's SEND will not be considered as a reason for them to be allocated a place at a specific school.

Further information about BCP's Local Offer for children and young people 0-25 years-old with SEND can be found [here](#).

Children with an EHCP will normally have their places at mainstream schools allocated before all other applications are considered during the normal admissions round. If your child has an EHCP, you will need to discuss with your local authority's SEND team which school you would prefer. Once the school is named on your child's EHCP, then a place will be allocated there.

If you complete the school admissions application form for a place and your child has an EHCP, the application will be referred to the SEND team. The team will follow the process outlined in the SEND Code of Practice in order to identify a school to name on your child's plan.

[Back to Contents Page](#)

## Refugee and asylum-seeking families

Foreign national children resident in the UK normally have the right to attend state funded and independent schools in England.

To lawfully enter the country to access a school, foreign national children resident outside the UK will normally need either:

- a [right of abode](#)
- an immigration status which otherwise permits them to enter the UK to study at a school

It is the responsibility of the parents/carers of foreign national children to check that their children have a right under their [UK entry conditions](#) to study at a school before applying for a place.

You can apply for a school place using the online application form or by requesting a paper copy of the form.

If we are unable to offer you a place at your preferred school(s), we will advise you about schools with vacancies and your rights of appeal.

Where necessary, we will allocate your child a school place. We may use the Fair Access Protocols to do this. Find out further information about [fair access protocols](#).

[Back to Contents Page](#)

## When does my child have to start school?

Most parents are happy for their child to start school in the September following their fourth birthday. Please look [here](#) for information on which year group your child would normally be expected to be part of.

[Back to Contents Page](#)

## Starting school later in the school year

By law, children must be in full time education by the start of the term following their fifth birthday. If you wish to defer your child's start date until later in the academic year, you will need to discuss this with the school you have been offered. The latest you can defer a start date is the beginning of the summer term.

If you do not take up the offer of a school place during your child's reception year, you would normally be expected to reapply for a place in Year One. You need to be aware that Year One in the school you were originally offered may be full at this stage.

## **Summer born babies**

Parents of summer born children (born between 1 April and 31 August) can request that their child is admitted to Reception the term following their fifth birthday rather than Year One.

Parents must speak with the school(s) they are interested in to find out whether each school would agree to accept an application for delayed entry. The child's date of birth does not mean that the request will be automatically agreed. Evidence in support of your request (e.g., prematurity or any developmental delay) may help with your application and should be submitted for consideration. Please check each individual school's policy on delayed entry to check where you need to send this.

It is important that parents know all the options available to them and the possible consequences, so they can make an informed decision. It is important to be aware that some schools may agree to your request, whilst others may choose not to do so. It is also possible that a school which agreed to delay entry to reception year may not be able to offer your child a place if they are oversubscribed when you apply in the following year.

Parents of summer born children who are considering applying for a year group different to that determined by date of birth should talk to the [school admissions team](#) and relevant school(s) as early as possible and preferably before 31 October 2024.

If your request for delayed entry is agreed, you will then apply in twelve months' time for admission in September 2026. It is not possible to hold two school places for two different academic years.

If your request for delayed entry is agreed, when the time comes for you child to change school it will be for the admission authority of the school you are applying for to decide whether to admit them outside of their normal year group. Whilst it is hoped that other admission authorities would have regard to the decision made by your child's previous school, and consider the year group that they have been educated in up to that point, this cannot be guaranteed.

You will need to approach any Junior, Middle or Secondary schools before the normal admission round closes for your child's chronological year group so you will know the outcome of their decision in time to submit an application for your child's chronological year group should your request be turned down.

[Back to Contents Page](#)

## **The school offered**

### **Decision makers**

The school admissions team will work with the different admission authorities to make sure your application is considered in line with the relevant admission policies. To find out who the admission authority for the school you are applying for is, you can check the school's policy [here](#) or speak to the school or the school admissions team.

[Back to Contents Page](#)

## **How BCP Council liaises with schools and other local authorities about your school application**

By law, local authorities must coordinate applications to all schools within their area for the point of entry in September. This means that all applications are sent to BCP Council and all decision letters come from it. If you would like to see a copy of the coordinated admission scheme please contact the school admissions team or you can view it on the [BCP Council website](#).

## **Decision making**

After the closing date, your preferences are sent to each admission authority. If you have applied for a place at a school outside of BCP Council, your request will be sent to the local authority where the school is located.

Admission authorities will use their admission policy's oversubscription criteria to rank the applications in priority order. They will then give BCP Council an offer list containing the names of all the children in order of priority.

The school admissions team will check the offer lists against your application. If your child's name appears on more than one offer list, we look at your application form using the order of your preferences to decide the school you will be offered:

- 1) If we can offer a place at your first preference, we will do so.
- 2) If we are unable to offer a place at your first preference but can offer a place at your second preference we will offer a place at your second preference school.
- 3) If we cannot offer a place at your first or second preference school but can offer a place at your third preference, we will offer a place at your third preference school.
- 4) If we cannot offer a place at your first, second or third preference school but can offer a place at your fourth preference, we will offer a place at your fourth preference school.

- 5) If we cannot offer a place at any of your preferred schools, we will allocate you a place at a different school.

Schools are not told whether they were your first, second, third or fourth preference. They are only sent the list of details about the applicant. This means that they cannot prioritise children who have named them as a first preference. Schools must only rank applications according to their published admission policy.

## **The coordinated scheme**

BCP Council has a coordinated scheme that explains how we liaise with schools that are their own admission authority and with other local authorities. It also provides the dates that BCP Council and other authorities need to meet to make sure your application is processed within the correct timescales. The coordinated scheme can be found [here](#).

[Back to Contents Page](#)

## National Offer Day

If you applied online, you can find out the school you have been offered by logging back into the Parent Portal (where you applied for a school place) on National Offer Day – 16 April 2025.

If you have provided a valid email address, you will receive an email containing a link where you can read and download your offer letter. Otherwise, offer letters will be posted to on time BCP Council applicants who did not provide a valid email address.

If you live in another local authority, you will receive information about any application to a BCP Council school in the letter you receive from your home local authority.

[Back to Contents Page](#)

## Accepting the place offered

If you are happy with the school place you have been offered it is important that you accept the offer as soon as possible and at the latest, by 30 April 2025.

If you applied online, you should accept the place via the Parent Portal (where you applied). If you used a paper application form you will need to confirm by email.

[Back to Contents Page](#)

## If you are not offered a place at one of your preferred schools

If it has not been possible to offer you any of your preferred schools, BCP Council will allocate your child a place at a school. This will normally be the nearest school in the BCP Council area that has a place available after the on time preferences have been allocated.

If you are refused a place at any of your preferred schools, you have a right to appeal to an independent appeal panel and further information will be provided with the notification letter.

[Back to Contents Page](#)

## Next steps if you are offered a place at a school you did not apply for

It is a good idea to visit the alternative school and find out more information about it. We strongly recommend that you do this.

It is also important to accept the place you have been offered. This will prevent your child being left without a school place. This does not stop you from looking at what to do next.

The options available to you are:

- 1) Submit applications for alternative schools with vacancies
- 2) Request to be placed on waiting lists for schools you did not apply for
- 3) Submit an admission appeal request – please read the restrictions on this carefully

[Back to Contents Page](#)

## Waiting lists

Your offer letter will provide more information about waiting lists and your next steps.

Schools are required to hold a waiting list until 31 December 2025 however some schools operate one beyond this date. Please check each school's policy to find out what you will need to do to remain on their waiting lists.

[Back to Contents Page](#)

## Appeals

If you are refused a place at a school which you have named on your application, you have the right of appeal against this decision.

Appeals are heard by a panel that are not connected to the school you are appealing for. It is an independent decision-making process.

If you are appealing for a place in Reception, Year One or Year Two, you need to be aware that appeals are subject to government legislation which places significant limits on the reasons you can appeal. This means that very few parents are successful.

Appeals are normally heard after the May half-term if you are appealing for a place for the following September. For infant class appeals, these are normally timetabled for June

With the exception of the Community and Voluntary Controlled schools listed below, each school is responsible for administering its own appeals. If you wish to appeal, please visit the school's website for details on how to appeal.

For the following schools, you can submit your appeal [online](#).

Burton C of E Primary School  
Christchurch Infant School  
Mudford Community Infant School  
Mudford Junior School

[Back to Contents Page](#)

## Travel to school

Considering how your child/ren travels to school is important. We encourage scooting, cycling, walking and wheeling as frequently as possible. The benefits of an active start to the day include enhanced learning in the classroom alongside improved wellbeing and mood.

The roads around schools can be extremely congested at drop off and pick up times, and car parking is often limited. We recommend that you factor this into your decision-making and avoid driving to school if you possibly can. Schools will be able to advise you of cycling, scooting and walking opportunities and where you can park and walk to school from. They will also be able to show you the cycle and scooter parking during open days.

[Back to Contents Page](#)

## School transport provision

For children aged between 4-8-years-old, free school transport assistance is normally only provided if the child is attending their nearest school and the school is over two miles walking distance from the family home.

This means that families **do not** normally receive free travel to school because there is often a school within two miles of their home address. Where families send their child to a school further away, free transport assistance will not be provided unless there are exceptional circumstances.

An example of an exceptional circumstance is where a child is required to attend a specific school due to their medical or special educational need and/or disability. As all schools within BCP Council can provide for a range of needs, for an exception to be agreed there will need to be substantial evidence provided.

For further information please visit [BCP Council's website](#) to read the Home to School Transport Policy.

## Home to School Transport Assistance for Siblings

Applications for home to school transport assistance are considered based on the individual circumstances and needs of each child or young person. This means that if you have previously received transport assistance for a sibling of the child or young person that you are applying for, they may not be eligible and/or not receive the same offer of transport.

It is therefore important to read the BCP Council Home to School Transport Policy that is valid at the time you wish to make an application for assistance.

[Back to Contents Page](#)

## What is pupil premium?

The pupil premium grant provides funding to schools and they can use it to provide targeted support for:

- Children who qualify for free school meals
- Looked After and Previously Looked After Children
- Children from UK service families

It is important to inform your child's school if you think they qualify so the school can claim the additional funding. Please talk to your child's school to find out what you need to do.

[Back to Contents Page](#)

## Free school meals

Your child will be able to get free school meals if they are in:

- Reception class
- Year 1
- Year 2

Tell us or your school if you also get any of the following qualifying benefits. Your child's school can get extra funding if you receive:

- Income Support
- Income-based Jobseeker's Allowance
- Income-related Employment and Support Allowance
- Support under Part VI of the Immigration and Asylum Act 1999
- The guaranteed element of Pension Credit
- Child Tax Credit (provided you are not also entitled to Working Tax Credit and have an annual gross income of no more than £16,190)
- Working Tax Credit run-on - paid for 4 weeks after you stop qualifying for Working Tax Credit
- Universal Credit - if you apply on or after 1 April 2018 your household income must be less than £7,400 a year (after tax and not including any benefits you get)

If you have no recourse to public funds or would like to find out more, contact the [Children's Information Service](#).

[Back to Contents Page](#)

## **School uniform**

Most schools require children to wear a school uniform. Individual school websites set out their policy on school uniform. If you are experiencing financial hardship, you can contact the school who may be able to assist you with the cost of purchasing items of uniform.

[Back to Contents Page](#)

## In-year applications

### Moving school during the school year

There are many reasons you might want to change your child's school. One of the main reasons is moving home. If you have not moved far and are still able to get your child to their current school, you can continue to send your child there. If this is not possible, you will need to apply for a new school place.

Applications can be made online. For more information, please visit [our website](#).

[Back to Contents Page](#)

### Fair access protocols

All local authorities must have a [fair access protocol](#) for in year admissions. Fair access protocols exist to ensure that appropriate education is secured quickly for children without a school place, particularly the most vulnerable or those with challenging behaviour. The protocol ensures that all schools in an area admit their fair share of children with challenging behaviour, including children excluded from other schools. If your application is to be considered by the in year fair access panel you will be advised by the [school admissions team](#).

[Back to Contents Page](#)

## Admission Policies

### Oversubscription criteria in school admission policies

The admission authority for each school is required to set out in its admissions policy how it will prioritise applicants if the school receives more applications than it has places available. This is known as the oversubscription criteria. It is also used for in-year applications during the school year.

Before naming a school as a preference you should look at the oversubscription criteria to see how the school offers places.

Information on the number of applications the school received and how many places were allocated in each category in the previous year can be found [here](#).

**A copy of the full admission policy for each school is available on both the BCP Council website and each school's website. It is recommended that you read the full policy as it contains more information on the admission arrangements for each school. Please click [here](#) to read the policies.**

[Back to Contents Page](#)

## Admission policies for schools in Dorset and Hampshire

You can apply for schools that are not in the BCP Council area. If you wish to do so you need to add them as a preference on your application form. Further information can be found about the schools and their admission policies:

Do you have parental responsibility for this child?

Yes  No

Are all parties with Parental Responsibility in agreement with this request? Yes

No

Are you a member of HM Armed Forces or a Crown Servant?\*

Yes  No

**\*You will need to supply a copy of your official posting to support this**

**Declaration and signature of Parent/Carer** - You are only allowed to submit an application if you have parental responsibility for the child. If there is joint responsibility, this application must be discussed with everyone who has parental responsibility and agreement reached before this form is submitted. By submitting this application, you are confirming that you have sole parental responsibility for the child or that there is agreement between all persons who have parental responsibility.

I have parental responsibility for or look after the child named on page 1. To the best of my knowledge, the information I have given is correct and complete and this is the only application form I have completed. I will advise the Admissions Team immediately, in writing, of any changes to the information on this form. I understand that the provision of false or misleading information may lead to the withdrawal of the offer of any school place either prior to or during the school term. I also understand that the information I have submitted on this form is covered by the Data Protection Act 2018.

**General Data Protection Regulation (GDPR) and Data Protection Act (DPA) 2018** - We process your personal information in accordance with GDPR and Data Protection Act 2018. If you would like to know how we use your information, please see our Privacy Notice on the Council's [Privacy policy](#) link.

In accordance with the DPA 2018 we are required to keep the information we hold about you up to date and accurate. By signing this form you are confirming the information is correct.

Signature of Parent/Carer \_\_\_\_\_
